

## Sprint 1 Retrospective

<p>What went well?</p> <ul style="list-style-type: none"><li>- The prototype was very good, with enough details and many pages.</li><li>- I appreciate the efforts made by each team member for creating the prototype.</li><li>- Bootstrap is a useful tool.</li><li>- Dividing the work for the prototype among all team members was very efficient.</li></ul>	<p>What could've gone better?</p> <ul style="list-style-type: none"><li>- Sometimes dividing the tasks was a bit unclear, I think specifying more clearly what task each member does would definitely improve organization.</li><li>- Some of the tasks are not specified in the Trello.</li></ul>
<p>What do we want to try next?</p> <ul style="list-style-type: none"><li>- We can try the tailwind for the styling.</li><li>- We can try to increase pair programming</li></ul>	<p>What puzzles us?</p> <ul style="list-style-type: none"><li>- How can we split the work efficiently among all team members?</li><li>- We must decide what kind of design the application will have.</li></ul>
